Child Protection and Safeguarding Policy

Issued: October 2020
Next Review: October 2021
This policy provides guidance to all adults working within the school whether paid or voluntary or directly employed by the school or by a third party.

1. Child Protection Statement:
‘Our school is committed to safeguarding children and promoting children’s welfare and expects all staff, governors, volunteers and visitors to share this commitment and maintain a vigilant and safe environment. Everyone has a responsibility to act, without delay, to protect children by reporting anything that might suggest a child is being abused or neglected. It is our willingness to work safely and challenge inappropriate behaviours that underpins this commitment. The school seeks to work in partnership with families and other agencies to improve the outcomes for children who are vulnerable or in need.’

‘Safeguarding and promoting the welfare of children is everyone’s responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.’ (KCSiE DfE 2020)

2. Definitions:
A child includes anyone under the age of 18.

Safeguarding and promoting the welfare of children is defined as: protecting children from maltreatment; preventing impairment of children’s mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes. (KCSiE DfE 2020)

The definitions of physical abuse, emotional abuse, sexual abuse and neglect are set out in the DfE guidance Keeping Children Safe in Education (DfE 2020).

3. Policy Aims:
- To ensure school takes appropriate action, in a timely manner, to safeguard and promote the welfare of all children
- To ensure responsibilities and procedures are fully understood and that everyone can recognise signs and indicators of abuse or neglect and respond to them appropriately.
- To ensure that the school’s practice meets local and national guidance and all statutory requirements are in place.

4. Key Principles:
- The child’s needs and welfare are paramount. All children have a right to be protected from abuse and neglect and have their welfare safeguarded.
• Keeping Children Safe in Education (DfE 2020) reminds us that all staff should maintain an attitude of “it could happen here” where safeguarding is concerned.

• Children should be listened to and their views and wishes should inform any assessment and provision for them. Staff should always act in the interests of the child, in order to protect them.

• The school recognises that scrutiny, challenge and supervision are key to safeguarding children.

• The school is committed to working with other agencies to provide early help for children before they become at risk of harm or require a ‘child in need’ statutory assessment. ‘The designated safeguarding lead (or deputy) will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.’ (DfE 2020)

• All staff should be aware of the early help process and understand their role in it. This includes identifying emerging problems, liaising with the designated safeguarding lead, sharing information with other professionals to support early identification and assessment and, in some cases, acting as the lead professional in undertaking an early help assessment.’

• ‘All staff should be aware of the process for making referrals to children’s social care and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments. (DFE 2020)

• All staff have responsibility to report their concerns about a child without delay to the Designated Safeguarding Lead. Whilst the Designated Safeguarding Lead will normally make referrals to Children’s Services, anyone can refer their concerns to children’s social care directly in emergencies or if they feel they need to do so. This is also the case if staff disagree with the actions taken by the Designated Safeguarding Lead.

• Everyone has responsibility to escalate their concerns and ‘press for reconsideration’ if they believe a child’s needs remain unmet or if the child is failing to thrive and in need or if the child is at risk of harm. Concerns about a child should always lead to help for a child at some point and the child’s situation should improve.

• The school will work in partnership with other agencies to promote the welfare of children and protect them from harm, including the need to share information about a child in order to safeguard them. ‘Fears about sharing information cannot be allowed to stand in the way of the need to promote the welfare and protect the safety of children.’ Working Together to Safeguard Children (DfE 2018).

• The school will work with other agencies to ensure any actions that are part of a multi-agency coordinated plan are completed in a timely way.
The school will follow the Local Authority and the Local Safeguarding Children Board procedures and provide them with information as required.

Staff, children and families will need support following child protection processes being followed.

Children have a right to learn ways to keep themselves safe from harm and exploitation.

5. Legislation and Guidance:

Schools and colleges must have regard for the DfE statutory guidance ‘Keeping Children Safe in Education (DfE 2020). This child protection policy should be read alongside this statutory guidance and all staff must read and understand at least part 1 and annexe A of this guidance.

Local authorities have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm, to enable them to decide whether they should take any action to safeguard and promote the child’s welfare. There may be a need for immediate protection whilst the assessment is carried out.

A ‘child in need’ is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a satisfactory level of health or development, or their health and development will be significantly impaired, without the provision of services; or a child who is disabled. A social worker will lead and co-ordinate any assessment under section 17 of the Children Act 1989.

Section 175 of the Education Act 2002 places a duty on local authorities (in relation to their education functions, and governing bodies of maintained schools and further education institutions, which include sixth-form colleges) to exercise their functions with a view to safeguarding and promoting the welfare of children who are pupils at a school, or who are students under 18 years of age attending further education institutions. The same duty applies to independent schools (which include Academies and free schools) by virtue of regulations made under section 157 of the same Act.

Working Together to Safeguard Children (DfE 2018) provides additional guidance which makes it clear that protecting children from harm and promoting their welfare depends upon a shared responsibility and effective joint working between different agencies:

‘Everyone who works with children has a responsibility for keeping them safe. No single practitioner can have a full picture of a child’s needs and circumstances and, if children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.’

In addition, Working Together to Safeguard Children also reinforces the need to take action to provide early help before statutory services are required:

‘Providing early help is more effective in promoting the welfare of children than reacting later. Early Help means providing support as soon as a problem emerges, at any point in a child’s life, from the foundation years through to the teenage years.’ (DFE 2018)
The school therefore understands its responsibility to engage with other professionals in Early Help Assessments when a child’s needs according to the Local Safeguarding Children Board’s Responding to Need and Level of Needs framework sit below the requirement for a statutory assessment.

The Counter-Terrorism and Security Act 2015 places a duty upon local authorities and educational providers to ‘have due regard to the need to prevent people from being drawn into terrorism’

The Definition of Terrorism is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause."

The DfE has provided statutory guidance for schools and child care providers: ‘The Prevent Duty’ (June 2015). The guidance summarises the requirements of schools and child care providers in terms of four general themes: risk assessment, working in partnership, staff training and IT policies. Our school will ensure that staff are aware of the indicators of extremism and radicalisation and know how to respond in keeping with local and national guidance. Staff will use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include making a referral via Children’s Services to the Channel programme. (Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified a being vulnerable to being drawn into terrorism. An individual’s engagement with the programme is entirely voluntary.)

Equally children will be made aware of the risks and support available to them. We will ensure that children are safe from terrorist and extremist material when accessing the internet in schools. The Government has developed an ‘educate against hate’ website providing information and resources for schools and parents to support them to recognise and address extremism and radicalisation in young people.

‘Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon all teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: https://www.gov.uk/government/publications/mandatory-reporting-of-female-genital-mutilation-procedural-information

Whilst all staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried
out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.’ (DFE 2020) Annex A of *Keeping Children Safe in Education* provides further guidance.

The school will also consult the government guidance **Multi-agency statutory guidance on female genital mutilation (revised 2016)**. In addition, the school recognises the important role schools have in safeguarding children from Forced Marriage. (The Forced Marriage Unit has published **Multi-agency guidelines**, with pages 32-36 focusing on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email: fmu@fco.gov.uk.)

Early years providers have a duty under section 40 of the **Childcare Act 2006** to comply with the welfare requirements of the **Statutory Framework for the Early Years Foundation Stage**.

**The Teaching Standards (DfE 2013)** also requires all teachers to ‘uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school, including:

- treating pupils with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher’s professional position
- having regard for the need to safeguard pupils’ well-being, in accordance with statutory provisions
- showing tolerance of and respect for the rights of others’

In addition, the **Sexual Offences Act 2003** makes it clear that all members of staff are in a position of trust and would therefore be committing a criminal offence to have a sexual relationship with a young person below the age of 18, even if that pupil is over the age of consent. In addition, it would be a breach of trust to have a relationship with any school student over the age of 18.

**The school will also take account of additional DFE guidance including:**

- CSE Definition and a guidance for practitioners... (DFE, 2017)
- Criminal Exploitation of children and vulnerable adults: County Lines Guidance (DFE, 2017)
- Disqualification under the Childcare Act 2006
- Information sharing: Advice for practitioners providing safeguarding services (HMG 2018)
- Sexual violence and sexual harassment between children in schools and colleges (DFE, 2018)
- The Prevent Duty - Departmental advice for schools and childcare providers (DFE 2015)
- How social media is used to encourage travel to Syria and Iraq (DFE Briefing note for schools)
• The Ofsted School Inspection Handbook and Ofsted guidance: Inspecting safeguarding in early years, education and skills
• What to do if you are worried a child is being abused 2015- Advice for practitioners DFE 2015
• Other DFE statutory guidance including: attendance and children who go missing from home or care which is found here https://www.gov.uk/topic/schools-colleges-childrens-services/safeguarding-children
• Relationships Education, Sex & Relationships Education & Health Education (DFE 2020)

6. Communicating with parents and visitors:

The school is committed to the principles of Working Together to Safeguard Children (DfE 2018) which states that a ‘child centred approach is fundamental to safeguarding and promoting the welfare of every child. A child centred approach means keeping the child in focus when making decisions about their lives and working in partnership with them and their families.’

The following statement is provided to parents/carers so they are aware of the school’s responsibilities:

‘The school ensures children learn in a safe, caring and enriching environment. Children are taught how to keep themselves safe, to develop positive and healthy relationships, how to avoid situations where they might be at risk including by being exploited.

The school also has a statutory responsibility to share any concerns it might have about a child in need of protection with other agencies and in particular police, health and children’s services. Schools are not able to investigate child protection concerns but have a legal duty to refer them. In most instances the school will be able to inform the parents/carers of its need to make a referral. However, sometimes the school can in certain circumstances share information without the consent of the family and may be advised by children’s services or police that the parent/carer cannot be informed whilst they investigate the matter or make enquiries. We understand the anxiety parents/carers understandably feel when they are not told about any concerns from the outset. The school follows legislation that aims to act in the interests of the child.

The school will always seek to work in partnership with parents and other agencies to ensure the best possible outcomes for the child and family’

The following notice is made available to all visitors in reception. In addition, all visitors are provided with additional safeguarding guidance.

‘Our school is committed to safeguarding children and promoting children’s welfare and expects all staff, governors, volunteers and visitors to share this commitment and maintain a vigilant and safe environment. Everyone has a responsibility to act without delay to protect children by reporting anything that might suggest a child is being abused or neglected. We would expect you to also report to the headteacher or Designated Safeguarding Lead any behaviours of any adults working in the school that may concern you. By signing our visitors book you are agreeing to follow the school’s safeguarding advice to visitors and where appropriate the code of conduct for staff and volunteers.’
The names and photographs of the Designated Safeguarding Lead and those who deputise for them are displayed in reception and the staffroom.

7. **Roles and responsibilities:**

The Head Teacher is: Mr. Paul Vine

The Chair of Governors is: Mr. Pat Monaghan

The Designated Safeguarding Lead for Child Protection is: Mrs. Iris Kelleher

The Deputy Designated Safeguarding Lead is: Mrs. Rachel Mellor

The nominated Safeguarding / Child Protection Governor is: Mrs. Alma Shaw

The nominated governor for dealing with allegations against the Head Teacher is: Mr. Pat Monaghan

**The Governing body should ensure that:**

- The school meets the statutory responsibilities set out in *Keeping Children Safe in Education* (DFE 2020) and *Working Together to Safeguard Children* (DFE 2018).

- The school has a strategy for providing early help together with other agencies and supporting children and families by carrying out early help assessments, drawing upon the LSCP’s ‘Responding to Needs Framework.’

- The child protection policy is reviewed at least annually by the full governing body and available to parents, normally via the school’s website.

- All adults working within the school are aware of the school’s code of conduct and this guidance is in keeping with the Guidance for Safer Working Practices for Adults Working with Children (Safer Recruitment Consortium, 2015)

- The school’s practice is reviewed in line with Local Authority guidance, Local Safeguarding Children Partnership (LSCP) priorities and procedures and any actions identified in the Local Authority 175 Audit are completed.

- There is a named Designated Safeguarding Lead who is a member of the school leadership team. There are colleagues trained to provide cover for the role.

- The school has procedures in keeping with the LSCP for dealing with any allegations made against any adult working within the school.

- There is a nominated governor, usually the chair, who is the case manager for managing any allegations against the Head Teacher.

- There is an additional nominated safeguarding governor to liaise with the Designated Safeguarding Lead and champion child protection/safeguarding on behalf of the safeguarding body.

- The school follows safer recruitment procedures, including the statutory pre-employment checks on all staff working with young people. The Chair of Governors
and safeguarding governor together with the headteacher review the school’s single central record.

- The school itself is a safe environment where the views of children and families are listened to and where children are taught about safeguarding and how to keep themselves safe, including on the internet or when using new technology. Any complaints about services lead to improvements in practice.

- The school will ensure there are appropriate filters and monitoring systems in place in respect of internet use and encourage safe and responsible use of new technologies.

- It scrutinises the impact of the school’s training strategy so that all staff, including temporary staff and volunteers, are aware of the school’s child protection procedures. All staff must have child protection training which is regularly updated. The Designated Safeguarding Lead and Deputy Designated Safeguarding Leads undertake training in keeping with statutory training.

- The governors are given guidance to support them to ensure the school meets its statutory safeguarding requirements.

- The DSL will Report the Educational Outcome of specific Vulnerable groups and here is effective analysis of safeguarding data including bullying, attendance, exclusions, behaviour logs, pupils taken off roll, the views and progress and participation of vulnerable students.

- All safeguarding practices are quality assured by the leadership team, including the auditing of safeguarding records and the supervision of the Designated Safeguarding Lead and other members of the safeguarding team.

- The governing body will appoint an appropriately trained designated teacher to promote the educational achievement of children who are looked after.

Governing bodies are accountable for ensuring the school has effective policies and procedures in place in line with local and national guidance, and for monitoring the school’s compliance with them. Neither the Governing Body nor individual governors have a role in dealing with individual child protection cases or the right to know the detail of cases (except when exercising their disciplinary functions in respect of allegations against a member of staff or investigating a complaint brought to their attention).

**The Head Teacher will ensure that:**

- The Single Central Record is up to date and the safer recruitment practices set out in Keeping Children Safe in Education (DFE 2020) are followed in line with the school’s Safer Recruitment Policy and Procedures. At least one member of every recruitment panel has attended safer recruitment training.

- Job descriptions and person specifications for all roles make specific reference to child protection and safeguarding.
There is a listening culture within the school where both staff and children are able to raise concerns about poor or unsafe practices.

Referrals are made to the Disclosure and Barring Service and / or the National College of School Leadership as appropriate.

They liaise with the Local Authority Designated Officer where an allegation is made against a member of staff.

The definition of this is when a person who works with children has:

- behaved in a way that has harmed, or may have harmed, a child; possibly committed a criminal offence against, or related to a child; or
- behaved towards a child or children in a way that indicates s/he would pose a risk of harm to children or;
- behaved or may have behaved in a way that indicates they may not be suitable to work with children (kcsie2020)

The Designated Safeguarding Lead has a job description in keeping with the requirements of Keeping Children Safe in Education (DFE, 2020) and that sufficient time, training and support are allocated to this role, including the appointment of colleagues able to deputise for the Designated Safeguarding Lead who have undertaken the same training.

The curriculum provides opportunities to help students stay safe especially when online. Children should be aware of the support available to them.

They quality assure the school’s child protection practices including the auditing of safeguarding records and the supervision of the Designated Safeguarding Lead and other members of the safeguarding team to ensure that actions and decisions are reviewed appropriately and that staff’s emotional needs are met.

In keeping with the Prevent Duty reasonable checks are made on visiting speakers.

**Designated Safeguarding Lead**

*Keeping Children Safe in Education DfE 2020 sets out the broad areas of responsibility for the Designated Safeguarding Lead:*

**Manage referrals**

*The designated safeguarding lead is expected to:*

- Refer cases of suspected abuse to the local authority children’s social care as required;
- Support staff who make referrals to local authority children’s social care;
- Refer cases to the Channel programme where there is a radicalisation concern as required;
• Support staff who make referrals to the Channel programme;

• Refer cases to the Head teacher, where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and

• Refer cases where a crime may have been committed to the Police as required. We will use the NSPCC - when to call the Police to help the Designated Safeguarding Lead to understand what they should consider calling the Police and what to expect when they do

**Work with others**

• Liaise with the headteacher or principal to inform him or her of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations;

• As required, liaise with the “case manager” (as per Part four) and the designated officer(s) at the local authority for child protection concerns (all cases which concern a staff member); and

• Liaise with staff (especially pastoral support staff, school nurses, IT technicians and SENCOs or the named person with oversight of SEN in a college) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies. Act as a source of support, advice and expertise for staff.

• The Designated Safeguarding Lead should help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school staff. Their role will include ensuring that school, and staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

**Undertake training**

The designated safeguarding lead (and any deputies) should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years.

The designated safeguarding lead should undertake Prevent awareness training.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:
• Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children’s social care referral arrangements.

• Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;

• Ensure each member of staff has access to and understands the school’s or college’s child protection policy and procedures, especially new and part time staff;

• Are alert to the specific needs of children in need, those with special educational needs and young carers;

• Are able to keep detailed, accurate, secure written records of concerns and referrals;

• Understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;

• Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up-to-date capability required to keep children safe whilst they are online at school or college

• Can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online

• Obtain access to resources and attend any relevant or refresher training courses; and

• Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and any measures the school or college may put in place to protect them.

**Raise Awareness**

• The designated safeguarding lead should ensure the school or college’s child protection policies are known, understood and used appropriately;

• Ensure the school or college’s child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;

• Ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and

• Link with the local LSCP to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
Child protection records

- Where children leave the school or college ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in colleges, are aware as required.

In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

Availability

During term time the designated safeguarding lead (or a deputy) should always be available (during school or college hours) for staff in the school or college to discuss any safeguarding concerns. Whilst generally speaking the designated safeguarding lead (or deputy) would be expected to be available in person, it is a matter for individual schools and colleges, working with the designated safeguarding lead, to define what “available” means and whether in exceptional circumstances availability via phone and or Skype or other such mediums is acceptable.

It is a matter for individual schools and colleges and the designated safeguarding lead to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities.

According to Local Guidance it is expected that the Head Teacher will be the case manager for any allegations against staff and make referrals to the Disclosure and Barring Service or Teaching Regulation Agency.

In addition to the role outlined in Keeping Children Safe the Designated Safeguarding Lead is also expected to ensure that:

- The social worker is notified if a child subject to a child protection plan is absent without explanation.
- The social worker is informed when a child subject to a child protection plan or a child in need plan moves to a new setting.
- A training log is kept of all child protection training include the names of those attending. All staff must have regular training and updates.
- Child protection records are kept securely and separately from the child’s normal file. Records will be transferred and/or retained in keeping with the Local Authority’s and NSPCC guidance.
• The school attends and contributes to child protection case conferences and child in need meetings, ensuring actions are completed in a timely manner. The school will complete the LSCP agency report ahead of each child protection conference.

• The school escalates its concerns with other agencies when a child’s needs are not being met following the Local Safeguarding Children Partnership Escalation and Resolution Policy.

• All members of the safeguarding team have received appropriate training; that all referrals made are quality assured and the supervision is provided to the safeguarding team to monitor all decisions and action taken and the well-being of each team member.

• All staff read and understand part 1 and annexe A of the DfE (2020) guidance Keeping Children Safe in Education and make available to them other key documents and guidance.

All staff (and volunteers) should:

• Contribute to ensuring students learn in a safe environment.

• Read and understand as a minimum Part 1 and Annexe A of the DfE (2020) guidance Keeping Children Safe in Education and engage in training which enables them to identify children who may need additional help or who are suffering or likely to suffer significant harm and take appropriate action. Staff should have an understanding of the specific safeguarding issues outlined in part 1 of the DfE (2020) guidance Keeping Children Safe e.g. fabricated or induced illnesses, faith abuse. Be aware that behaviours linked to drug taking, alcohol abuse, truanting and sexting can put children in danger. Staff should be alert to the signs of peer on peer abuse and take appropriate action.

• Recognise that any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:
  - is disabled and has specific additional needs.
  - has special educational needs (whether or not they have a statutory Education, Health and Care Plan.
  - is a young carer.
  - is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups (all staff to be aware safeguarding incidents/ behaviors can occur outside school or be associated with outside factors).
  - is frequently missing/goes missing from care or from home (missing education can also be a sign of CCE, including involvement in County Lines).
  - is misusing drugs or alcohol themselves.
  - is at risk of modern slavery, trafficking or exploitation.
  - is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse.
- has returned home to their family from care.
- is showing early signs of abuse and/or neglect
- is at risk of being radicalised or exploited.
- is a privately fostered child.

- Report any concerns about a child’s welfare without delay to the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead or in their absence a senior member of staff. Understand that any member of staff can make a referral to children’s services should that be required, informing the Designated Safeguarding Lead of any action taken.

- In addition, School Improvement Liverpool provide an Online resource ‘Safeguarding Mate’ to support colleagues decision making: https://www.schoolimprovementliverpool.co.uk/safeguarding-mate/

- Report any concerns without delay about the behaviour of an adult towards a child to the Head Teacher, Designated Safeguarding Lead, Chair of Governors or if required the Local Authority Designated Officer for Allegations against Staff.

- Understand their responsibility to escalate their concerns and ‘press for reconsideration’ if a child remains at risk or their needs are not met. This includes the understanding that any member of staff can make a referral to Children’s Services if required to do so.

- Teachers and those providing teaching must personally report to the police cases where they discover that an act of FGM appears to have been carried out.

- Follow the school’s policies including this child protection policy and the school’s code of conduct for adults and the Guidance for Safer Working Practices for Adults Working with Children (2015)

- Be aware safeguarding issues can manifest themselves via peer on peer abuse

- Understand that it may be appropriate to discuss with the Head teacher matters outside of work, which may have implications for the safeguarding of children in the workplace. This includes information about themselves. Staff will ensure that they are aware of the circumstances where this would be applicable

- Be aware that if they commit a relevant offence that would appear on their DBS certificate or they become disqualified under the Childcare Act 2006 (only those staff within the scope of the guidance), then they must inform their head teacher. (The Childcare Act 2006 does not cover all settings or even all staff within a setting.)

- Understand that some children, including those with Special Educational Needs or Looked After, may be more vulnerable to abuse. ‘Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. This can include:'
- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability without further exploration;

- children with SEN and disabilities can be disproportionally impacted by things like bullying - without outwardly showing any signs; and

- communication barriers and difficulties in overcoming these barriers.’ (DFE 2016)

The DFE has provided additional practice guidance ‘Safeguarding Disabled Children’ DFE 2009.

- Have access to the school’s managing allegations against adults procedures and whistle blowing policy.

- (The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.)

- Have access to ‘What to do if you are worried a child is being abused 2015- Advice for practitioners DFE 2015’

8. Safeguarding Framework:

In addition to this child protection policy the school has procedures or policies in relation to other areas for safeguarding children including as examples:

- attendance
- administering medicines
- anti-bulling including cyber bullying
- alternative and off-site provision
- behaviour for learning
- code of conduct for staff, governors and volunteers (guidance on safer working practices)
- children in Care (Looked After Children)
- clubs, trips, educational visits and extended school activities
- data protection
- drug and substance misuse
- disability objectives and accessibility plan
- equal opportunities
- emergency planning
- evacuation and lock-down procedures
- first aid
- intimate care
- online safety
- risk assessments
- safe recruitment practices
- managing allegations against staff and volunteers
9. Procedures for reporting child protection or child welfare concerns:

- All concerns should be reported without delay directly to the Designated Safeguarding Lead, Designated Safeguarding Deputies, Head Teacher or any member of the School Leadership Team. This should be followed by a written account of the concerns completed on the school’s CPOMs system.

- Consideration will need to be given to immediately protecting the child and contacting the police and/or ringing for an ambulance if the child is injured.

- The Designated Safeguarding Lead or Deputy Designated Safeguarding Lead will take immediate action without delay and will make a referral to children’s services by telephone if a child is believed to be suffering or likely to suffer significant harm. This referral will always be followed up by submission of a MARF.

  **Liverpool Careline hub** 0151 233 3700

- The Designated Safeguarding Lead or Deputy Designated Safeguarding Lead will follow the LSCP and Local Authority multi-agency procedures and consider the child’s needs alongside the LSCP’s Levels of Needs/Responding to Needs Framework (Threshold document) and consider whether an early help assessment (level 2 and 3) or referral to children’s services is needed (at level 4).

- Concerns about a child should always lead to help for a child. The school may need to escalate its concerns with Children’s Services to ensure a referral is accepted or work with other agencies to ensure an Early Help Assessment is completed.

- The school will always seek to follow the Local Safeguarding Children Partnership procedures which can be found on their website: http://liverpoolscb.proceduresonline.com/

‘School Improvement Liverpool Schools’ Safeguarding Handbook’ and Part 1 of Keeping Children Safe in Education (DFE 2020) provides key flowcharts and guidance to support staff and volunteers’ understanding and decision making. This will support staff to make a referral themselves should that become necessary. The Designated Safeguarding Lead should be informed, as soon as possible, following the need for another member of staff to make a referral.

‘School Improvement Liverpool Schools’ Safeguarding Handbook’ will provide additional guidance about indicators of abuse and harm and how to respond to a disclosure. Guidance is also available on the NSPCC website: https://www.nspcc.org.uk/preventing-abuse/
If a teacher in the course of their work in the profession, discovers that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18 the teacher must report this to the police. Keeping Children Safe in Education provides additional guidance.

Concerns that a child is being radicalised should follow the normal safeguarding referral mechanism with an additional Channel referral being made to the Local Authority’s Prevent and Channel team.

10. Additional child protection guidance will be provided to all adults working with young people which will include:

- The school’s child protection policy which includes the role of the Designated Safeguarding Lead
- Part 1 and Annexe A of Keeping Children Safe in Education (DfE 2020)
- The School’s Code of Conduct for staff and volunteers
- The school’s behaviour policy for children
- A flowchart summarising the child protection procedures
- Definitions of abuse or neglect and possible indicators
- Identified groups of children more vulnerable to abuse
- Specific guidance related to including Female Genital Mutilation, Forced Marriage, Child Exploitation including sexual and criminal, Extremism and Radicalisation, Neglect and online-safety
- Dealing with allegations against staff and volunteers procedures
- Whistleblowing procedures
- ‘What to do if you are worried a child is being abused 2015- Advice for practitioners DFE 2015’

11. Managing allegations against staff and volunteers working at the school

All staff and volunteers must report any concerns about a member of staff’s behaviour towards children to the Head teacher who will act as the case manager. Concerns can also be discussed with the Designated Safeguarding Lead. Concerns about the headteacher should be raised with Chair of Governors or nominated governor. Early identification with prompt and appropriate management will create a positive and open culture of reporting.

The school’s managing allegations against staff and volunteers policy and procedures will support everyone to take appropriate action.
Concerns can also be taken directly to the Local Authority Designated Officer (L.A.D.O.), if needed, via Children’s Services. In addition, School Improvement Liverpool provide an online resource ‘Safeguarding-Mate’ to support colleague’s decision making: https://www.schoolimprovementliverpool.co.uk/safeguarding-mate/

Section 4 of the DFE guidance Keeping Children Safe in Education provides further guidance. In addition to the school’s own procedures multi-agency procedures can be found on the school’s website.

12. Allegations of abuse against another student (peer on peer abuse)

All concerns must be reported and discussed with the Designated Safeguarding Lead, Deputy Designated Safeguarding Lead or senior member. This is most likely to include, but not limited to: bullying (including cyber bullying), gender-based violence/sexual assaults and sexting (youth produced sexual imagery - including up skirting). Staff should recognise that children are capable of abusing their peers. Staff must challenge any form of derogatory and sexualised language or behaviour. Staff should be vigilant to sexualised/aggressive touching/grabbing particularly towards girls. Behaviours by children should never be passed off as ‘banter’ or ‘part of growing up’. The DFE states ‘peer on peer abuse should be taken as seriously as abuse by adults and should be subject to the same child protection procedures. Professionals should not dismiss abusive behaviour as normal between young people and should not develop high thresholds before taking action.’

Children with special educational needs and disabilities are more vulnerable to sexual violence and harassment and staff should be aware that additional barriers can exist when recognising abuse in these children. Children who are LGBTQ+ or perceived to be, may also be targeted by their peers and harassed or assaulted.

Victims of peer on peer harm will be supported by the school’s pastoral system and referred to specialist agencies including, as examples, ‘CAMHs’, ‘Brook’ and ‘Barnardo’s’. A risk assessment may need to be in place. The school curriculum will support young people to become more resilient to inappropriate behaviours towards them, risk taking behaviours and behaviours that children may be coerced into including ‘sexting’ or ‘initiation/hazing’ behaviours.

Additional guidance is available on the NSPCC website:

13. Online safety, data protection and the use of mobile phones and digital photographic equipment
Staff should also report any concerns about sexting (youth produced sexual imagery) to the Designated Safeguarding Lead, Deputy Designated Safeguarding Lead or senior member of staff who will follow the guidance in: Sexting in schools and colleges: Responding to incidents and safeguarding young people (UK Council for Child Internet Safety) ([https://www.gov.uk/government/groups/uk-council-for-child-internet-safety-ukccis](https://www.gov.uk/government/groups/uk-council-for-child-internet-safety-ukccis)) provides clarity as to how staff should respond to these incidents.

The school’s online/E-safety Acceptable User Policy clearly outlines the way in which the school uses technology and the measures in place to ensure safe and responsible use by all. There is a clear code of conduct for staff and volunteers which sets out the use of new technologies, mobile phones and personal photographic equipment around children. The school will consider, in particular, Looked After Children (Children in Care) who might be put at risk by being included in publicity materials or school photographs.

The DFE highlights the risks of new technologies:

‘The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation- technology often provides the platform that facilitates harm. The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

- content: being exposed to illegal, inappropriate or harmful material
- contact: being subjected to harmful online interaction with other users
- conduct: personal online behaviour that increases the likelihood of, or causes, harm’

Staff should bring immediately to the attention of the Headteacher, Designated Safeguarding Lead or senior leadership team any behaviours by adults or children themselves that may be risky or harmful. They will report this using the school’s system and this will be followed up immediately by a member of the safeguarding team.

14. Monitoring attendance

A child missing from an education setting is a potential indicator of abuse or neglect including exploitation. Local Authority guidance and procedures will be followed for dealing with a child who is missing from education, particularly on repeated occasions. The school will follow the pan-Merseyside missing children protocol. Unauthorised attendance will be closely monitored. The attendance of children with known welfare and attendance concerns will be monitored closely, particularly those with chronic poor attendance or persistent absentees. Schools should also scrutinise the attendance of off-site provision to ensure children are attending and are safe. Similarly, the attendance of children who are vulnerable or with known welfare and safeguarding concerns such as children who have a child protection plan, a child in need, are Children Looked After and/or SEN will be monitored on a daily and weekly basis.

The child’s social worker will be informed immediately when there are unexplained absences or attendance concerns. It is important that the school’s attendance team, including the EWO, school nurse and Safer Schools Officer, are aware of any safeguarding concerns. It is critical that when a child is not attending school their welfare is confirmed and expected.
practice would be for an appropriate professional to visit the home and speak to the child alone, particularly if there are any safeguarding concerns. The school will seek to ensure it has at least two emergency contacts for each family and consider what urgent action it may need to take when a vulnerable child and family are not contactable and the child has not attended school.

It is essential that all staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, Female Genital Mutilation and forced marriage.

15. Private fostering

Our school has a mandatory duty to report to the local authority if they believe a child is subject to a private fostering arrangement. (This does not include close family relatives e.g. grandparent, brother, sister, uncle or auntie.) A private fostering arrangement is made without the knowledge of the local authority for the care of a child under the age of 16 years (under 18 for children with disabilities) whereby the child is in the care of someone other than their parent or close relative. Further guidance is available in Keeping Children Safe in Education (DFE, 2020). When a child is privately fostered a social worker must carry out an assessment to ensure the placement is appropriate and consider any support needed.

16. Safe recruitment

The school will ensure that all appointments follow its recruitment policy and the guidance set out in Keeping Children Safe in Education (DFE 2020). At least one member of the appointments panel will have undertaken safer recruitment. The school will undertake all the required DFE pre-employments checks and where appropriate record these checks on the single central record and retain evidence in personnel files. The school will seek written confirmation that third-party organisations including contractor and alternative education providers have undertaken appropriate checks.

The school is required to inform relevant staff who fall within the scope of Disqualification under the Childcare Act 2006 (https://www.gov.uk/government/publications/disqualification-under-the-childcare-act-2006) and establish they are not disqualified. The criteria for disqualification under the 2006 Act and the 2018 Regulations includes inclusion on the Disclosure and Barring Service (DBS) Children’s Barred List or committing a relevant offence.

17. The safeguarding curriculum

- The school will ensure it has a curriculum map which sets out how to help children keep themselves safe from harm. Children will be supported to develop their understanding, at the appropriate age, of risks including: when using technology, the internet, and risks associated with grooming and radicalisation, gang and criminal
exploitation and misusing drugs and alcohol plus Relationship and Sexual Education (RSE) requirements

- Children will also learn about the wider safeguarding curriculum which for children would include road safety, anti-bullying and know how to seek support when needed. The school will ensure the curriculum promotes an understanding of the values needed to live within a democratic society including the rule of law, and individual liberty. It will promote tolerance and respect for all faiths (and those of no faith), races, genders, ages, disability and sexual orientations.

18. Confidentiality, information sharing, record keeping and retention

Staff will be told of concerns about a child on a ‘need to know basis’.
The school understands the need to keep child protection and safeguarding records securely.
The school will transfer records securely to the next setting and discuss the child’s needs before the child starts at the next setting.
The school will retain records in keeping with Local Authority guidance and NSPCC guidelines:

Staff cannot promise children confidentiality but must always act in the best interests of the child and share disclosures made by the child or others with the Designated Safeguarding Lead.

The school will aim to seek consent of parents before sharing information with other agencies, however legislation states that schools and other agencies can share information without the consent of a parent/carer in particular circumstances.

19. Mental Health

It is acknowledged that the current circumstances surrounding COVID-19 are particularly stressful and may cause increased anxieties and stress for all members of our school community. In the event of another school closure which causes children and staff to be away from their usual routine and social contact, this can become a negative and stressful experience. Leamington Community Primary School will ensure there is appropriate support available for the whole school community at this time. Support can include existing provision in the school, or from specialist staff or support services. The DSL has compiled a list, with staff support, to identify any families that may need extra support with regards to mental health. These families receive phone calls once a week to check if they need any support or advice. The school website also provides further support and useful websites. The school mobile number can also be used 24/7 and the school Facebook offers private messaging for parents who need support.
The school community can also be signposted to the government’s advice on supporting children and young people’s mental health during the COVID-19 outbreak, available here:
Students have also been signposted towards mental health support via Kooth.com, Childline and NSPCC on the school website should they need to access support of this kind.

Staff should also be aware of the mental health of their pupils and parents when setting expectations regarding pupil’s work when they are at home. The department has provided separate guidance on remote education practices during the coronavirus outbreak:

- **Staff are “well placed”** to observe children day to day and identify behaviour suggestive of a mental health problem or being at risk of developing one.
- **All staff** should understand that mental health problems can in some cases be an indicator of abuse, neglect or exploitation.
- **Staff should understand the lasting impact** of abuse, neglect and ACEs and impact on mental health, behaviour & education.
- Where there is a mental health concern, staff can fill in a referral form and submit to the Inclusion Team. This referral will then be triaged for appropriate in house support. If a child requires intervention from CAMHS then a discussion will be held with the school Mental Health Lead and a referral made to the school EMPH. If at the same time there is a safeguarding concern, staff should follow the Child Protection procedures.

### 19. Child Criminal and Sexual Exploitation

CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. All staff to be aware safeguarding incidents/behaviours can occur outside school or college or be associated with outside factors.

Missing education can also be a sign of CCE, including involvement in County Lines. The DSL is to follow the *Child sexual exploitation: guide for practitioners*.

Families can get support and guidance from the Merseyside Police ‘Open Eyes’ Campaign.

### 20. Definition of Impact Of Domestic Abuse

Domestic abuse- The cross-government definition of domestic violence and abuse is: Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; or emotional. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Our school is part of the ‘Operation Encompass’ initiative, therefore receives notifications from the police of any incidents they report to. This is logged on
CPOMs and a phone call is made by the DSL to the family, to ascertain the family’s safety. School will offer support to the family from specialist domestic abuse agencies.

21. **Operation Encompass**

When we receive an operation encompass notification relating to a pupil at our school from the Police. The DSL will invite the victim into school to establish the risk to the family. At the request of the family school will submit a referral to LDAS for support. In addition to this the DSL will speak to the child to gather their wishes and feelings regarding the incident. A referral will then be made for support for the child to the School Inclusion Team. If the family are assessed at risk the DSL will submit a MARF form to Careline and follow the school Child protection procedures.

22. **Peer on peer abuse**

Leamington Community Primary School recognises that if the school where to receive a report of peer on peer abuse, we will follow the principles as set out in part 5 of KCSIE and of those outlined within our main Child Protection policy. We define peer on peer abuse as:

- Physical abuse
- Sexual violence and sexual harassment
- Sexting and
- Initiation/hazing type violence and rituals
- Bullying (including cyberbullying) and
- Up skirting
- Abuse within intimate partner relationships

We will listen and work with the young person, parents/carers and any multi-agency partner required to ensure the safety and security of that young person. Concerns and actions will be recorded using the agreed methods and appropriate referrals made.

23. **Complaints**

Complaints about safeguarding should follow the school’s complaints policy.

The school and Local Authority also have whistle blowing procedures.

(The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285)
