

English

Our English topic will be focused around the book 'The Willow Pattern Story'. Children will explore the language used in the story to describe characters and settings.

Children will explore stories from other cultures alongside poetry: patterns on a page.

Geography

This half term, children will be exploring 'What is it like in China?'.
We will explore Chinese food, symbols, language and experiences.

Children will discover what traditions there are in China and how they differ from ours.

Maths

We will be exploring basic skills to begin the term by focusing on written subtraction and addition skills.

We will then look at measure through capacity, length and weight.

Children will take part in practical and written mathematical activities.

Science

Children will be learning about: 'Animals & Habitats: What lives in Asia?'.
Children will look at a range of different Asian habitats and explore that animals live in each habitat.

Children will look at a range of different Asian habitats and explore that animals live in each habitat.

Year 2 Home/School Sheet

Summer 3.1 2021

Computing

During computing this half term we will be exploring media by creating a tour guide brochure.

Science

During science this half term we will be looking at animals. We will explore name and identify a variety of common animals from each classification; mammals, herbivores, carnivores and omnivores. We will identify characteristics of these animals to support the identification process.

Art

We will be exploring pop art this half term. Children will be looking at Andy Warhol. They are going to explore his art work and then create their own space themed pop art.

Music

We will be exploring the theme of round and round.

PE

Year 2: PE day is Wednesday. P.E will be outdoors weather permitting.
