

Early Years Knowledge Organiser Summer 2

It's a Big Wide World!

What we already know:

I live with my family, in a house in Liverpool.
 Not all families are the same.
 The weather changes.
 I can visit different places in the car, bus, train plane etc.
 We live on planet earth.
 Some animals live on land and some live in the Sea.

Home
 Liverpool, city, town, country, place,
 environment, same, different, weather,
 hot, cold, climate, features, beach, forest,
 desert.

Words that will help me:

Sea, land, fins, scales, legs, tail,
 predator, prey, live, habitat, wild, pet,
 find,

Earth
 Planets Moon Mercury Venus Mars Jupiter
 Saturn Uranus Neptune Sun star Solar system
 Orbit Space shuttle Astronaut Gravity
 Constellation Asteroids Meteorites Comets

What we will find out:

We live in Liverpool in England. I can identify some features from our area e.g. photo of Broadway, football ground, Liver buildings.
 England is a small country on planet Earth. I can compare and contrast different environments. I know the desert is hot and dry, Polar regions are very cold.
 Different animals live in different places, polar bears and penguins- Poles, kangaroos Australia etc.
 Earth is one of 8 planets. I can name some of the other planets.
 Neil Armstrong and Buzz Aldrin were the first men to land on the moon.
 Earth has one moon. Earth Orbits the Sun. I know I can use the internet and books to find out information.

Some Stories we might read:
