

Leamington Primary Geography Knowledge Organiser Year 2 – China

What I should already know	What I will learn	Important words to help me. (vocabulary)	Skills and Fieldwork																				
<p>The seven continents and five oceans of the world.</p> <p>The location of some countries, including the UK being in Europe.</p> <p>The 4 countries that make up the UK and their capital cities.</p> <p>The difference between human and physical features.</p>	<p>I will recap about the seven continents and five oceans of the world, specifically looking at China. I will use Google Earth to see China and discuss countries that border China and oceans that surround it.</p>  <p>I will focus on 4 types of geography found in China: cities, mountains, forests and deserts. I will use a variety of maps to read different keys to compare the features of each different place. I will look at the human and physical features of these different places and how they can be identified on a map using a key.</p>	<table border="1"> <tr> <td>country</td> <td>A country is defined as a nation, the people of the nation or land in a rural area.</td> </tr> <tr> <td>ocean</td> <td>A very large expanse of sea, in particular each of the main areas into which the sea is divided geographically.</td> </tr> <tr> <td>map</td> <td>A diagrammatic representation of an area of land or sea showing physical features, cities, roads, etc.</td> </tr> <tr> <td>continent</td> <td>A very large area of land that consists of many countries. Asia is a continent.</td> </tr> <tr> <td>mountain</td> <td>A large natural elevation of the earth's surface rising abruptly from the surrounding level; a large steep hill.</td> </tr> <tr> <td>globe</td> <td>A rounded object that shows the earth.</td> </tr> <tr> <td>rainforest</td> <td>A dense forest, found typically in tropical areas with consistently heavy rainfall.</td> </tr> <tr> <td>city</td> <td>A large town.</td> </tr> <tr> <td>desert</td> <td>A waterless, desolate area of land with little or no vegetation, typically one covered with sand.</td> </tr> <tr> <td>culture</td> <td>The ideas, customs, and social behaviour of a particular people or society.</td> </tr> </table>	country	A country is defined as a nation, the people of the nation or land in a rural area.	ocean	A very large expanse of sea, in particular each of the main areas into which the sea is divided geographically.	map	A diagrammatic representation of an area of land or sea showing physical features, cities, roads, etc.	continent	A very large area of land that consists of many countries. Asia is a continent.	mountain	A large natural elevation of the earth's surface rising abruptly from the surrounding level; a large steep hill.	globe	A rounded object that shows the earth.	rainforest	A dense forest, found typically in tropical areas with consistently heavy rainfall.	city	A large town.	desert	A waterless, desolate area of land with little or no vegetation, typically one covered with sand.	culture	The ideas, customs, and social behaviour of a particular people or society.	<p>*Describe and locate different habitats on a map.</p> <p>*Find land/sea on globe.</p> <p>*Make simple comparisons between features of different places.</p> <p>* Use maps, pictures/photos and internet as sources of information.</p> <p>*Begin to understand the need for a key.</p> <p>*Use an infant atlas to locate places.</p> <p>*Use basic geographical vocabulary to refer to physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, and weather.</p> <p>*Use basic geographical vocabulary to refer to human features, including: city, town, village, house, office, port, harbour and shop.</p>
country	A country is defined as a nation, the people of the nation or land in a rural area.																						
ocean	A very large expanse of sea, in particular each of the main areas into which the sea is divided geographically.																						
map	A diagrammatic representation of an area of land or sea showing physical features, cities, roads, etc.																						
continent	A very large area of land that consists of many countries. Asia is a continent.																						
mountain	A large natural elevation of the earth's surface rising abruptly from the surrounding level; a large steep hill.																						
globe	A rounded object that shows the earth.																						
rainforest	A dense forest, found typically in tropical areas with consistently heavy rainfall.																						
city	A large town.																						
desert	A waterless, desolate area of land with little or no vegetation, typically one covered with sand.																						
culture	The ideas, customs, and social behaviour of a particular people or society.																						
<p>Interesting Facts</p>	<p><u>Exploring the culture:</u> I will experience different aspects of Chinese culture. I will learn about food grown in China and different food eaten in China.</p> <p>I will learn about different traditional Chinese customs. What do Chinese lanterns symbolise and when they are used? When is Chinese new year and how is it celebrated?</p> <p>I will learn about the language spoken in China. I will look at how school life in China and how it is different compared to school life in the UK. The school day starts at 7.30am and finishes at 5pm. I will explore the subjects studied during the day and their timetable.</p>
