

Early Years Knowledge Organiser Spring 1

Caring for Our Beautiful Planet

Things I may Already Know:

I should always put my rubbish in the bin.

I should care for my school environment and my home environment.

New words that I Will Learn:

<p>Recycle Recycling is a way to reduce the amount of rubbish that is thrown away.</p>	<p>Effect</p>
<p>Re use Recycling, some things that would have been thrown away we re use instead of using a new item.</p>	<p>Destroy</p>
<p>Reduce Reducing is cutting back on the amount of rubbish we make.</p>	<p>Plastic</p>
<p>Pollution Pollution is anything that makes the earth dirty and unhealthy. Land, air, and water are all affected by pollution.</p>	<p>Environment</p>
<p>Planet Earth is the planet we live on.</p>	<p>Protect</p>

Stories I Will Read:

The grid contains the following book covers:

- Top row: 'Michael Recycle' (writing by Ellie Aether, illustrations by Alexandra Colombo), 'Somebody Swallowed Stanley' (writing by David Almond, illustrations by David Almond), and 'Captain Green and the Plastic Scene' (writing by Gill Hibberd, illustrations by Gill Hibberd).
- Bottom row: 'Michael Recycle Litterbug Doug' (writing by Gill Hibberd, illustrations by Gill Hibberd), 'A Planet Full of Plastic' (writing by Neal Layton, illustrations by Neal Layton), and 'Greta and the Giants' (writing by Zoe Heller, illustrations by Zoe Heller).

What I Will Learn

- Why we all need to recycle.
- How throwing things away can damage our planet.
- What things we can recycle- water, paper, plastic, metal, glass, fabrics and electronics.
 - How we can recycle at home - food waste, garden waste and rain water.
 - How we can help to improve pollution by recycling
- How it is important to care for our environment and living things. As pollution can harm all living things.
 - We will learn new vocabulary to support us in learning about recycling and pollution.
