

English

Our English topic will be focused around the book 'Where the Wild Things Are' as children will be exploring fantasy world stories. The children will begin by exploring the characters in the story through drama activities alongside their basic skills and sentence work. The children will also be exploring a selection of stories with familiar settings, before creating their own story.

Geography

This half term children will be exploring Mapping Skills. We will name the five oceans and seven continents. They will explore the Galapagos Islands and compare it to their local area and will also develop their understanding of directional vocabulary.

Maths

During this half term we will be concentrating on number. We will be focusing on teen numbers and the place value of numbers up to 20. We will also be recapping odd and even numbers and will then begin to look at our 2, 5 and 10 times tables. We will apply our number understanding in a real-life context and develop our problem solving.

R.E/PSHE

During R.E. we will be exploring different religions special books.

Throughout PHSE we will be following the scheme Jigsaw.

Year 1 Home/School Sheet

Computing

During computing this half term, we will be exploring programming animations. We will use, modify and create programs using Scratch Jr.

Science

During science this half term we will be looking at Seasonal Changes and the weather. We will identify different types of weather; our different seasons and what months fall in each season. We will also learn about how different animals and ourselves adapt depending on the season.

Art

We will be looking at 3D modelling. We will begin by exploring work and techniques by the artist James De Rosso. Children will then design and make their own Wild Thing out of clay.

Music

We will be exploring in the groove and will be completing a variety of practical activities.

PE

**Year 1: PE
day is Friday**
