

Leamington Community Primary School

Curriculum Rationale

Leamington Community Primary School aims to provide a creative, inclusive and challenging real- world curriculum which ignites curiosity, inspires future thinkers, innovators and problem solvers in an immersive high-quality learning environment.

Our aim is to provide our children with the skills and values they need to succeed in our community and beyond through a narrative approach to learning which puts stories and drama at the heart of our curriculum.

Across the year, learners explore the curriculum thematically through 6 narratives which enable them to access core learning in all subject areas. We aim to emotionally connect the pupils to their curriculum to increase motivation, interest and attitude to learning; raise attainment and deepen knowledge and understanding of complex topics through relevant, interactive, experiential learning.

Providing enriching opportunities; challenging mind-set; and developing problem-solving, independence and resilience in pupils, is central to our immersive curriculum. We strive to ensure all learners exceed their potential academically, socially and emotionally thus gaining the necessary skills, knowledge and attributes to be successful in the next stage of their learning.
