Together we make a Difference

COMPLIANCE

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (2014) and has been written with reference to the following guidance and documents:

- Special Educational Needs and Disability Regulations 2014
- Special Educational Needs Code of Practice 2014
- Statutory Guidance on Supporting Pupils with Medical Conditions 2014
- Teachers' Standards 2012
- Equality Act 2010: advice for Schools DFE Feb 2013

The aims and objectives of this policy are:

To clearly identify the roles and responsibilities of school staff and the SEND Governor which reflects the SEND code of practice (2014) which states that teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from Learning Support officers and additional adults who support children with more complex needs who may have an EHCP or specialist support staff.

- To create an ethos and educational environment that meets the needs of every pupil within our school.
- To fully adopt the graduated approach to ensure that all pupils with special educational needs and/or disabilities are identified early, assessed, and catered for within our school and make the best possible progress.
- To foster and promote effective working partnerships with parents/carers, pupils, and outside agencies.
- To ensure all pupils including those with SEND have opportunities to access all aspects of the school curriculum and the wider school life and activities.
- To promote independence and resilience in pupils with SEND promoting a positive self-image and a 'can do' culture so that they are well prepared for the transition to adulthood.
- To regularly review and evaluate the progress of pupils with SEND, ensuring parents/carers and pupils are fully involved throughout the process.

Definitions:

A pupil has Special Educational Needs and Disabilities (SEND) if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability that prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is an educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

Roles and responsibilities:

The school SENCO will:

- Work with the Headteacher and SEND Governor to determine the strategic development of the SEND policy and provision in the school.
- Have day-to-day responsibility for the operation of this SEND policy and the coordination of specific provisions made to support individual pupils with SEND, including those who have EHC plans.
- Oversee the identification and assessment of pupils with SEND, ensuring that concerns are identified promptly and appropriate assessment information is used to inform provision and intervention.
- Ensure that all teachers and practitioners understand their responsibilities for pupils with SEND, including their responsibility for the progress and development of pupils in their class and that appropriate, reasonable adjustments, high-quality teaching and SEND support are consistently implemented.
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEND receive appropriate support and high-quality teaching.
- Coordinate and monitor the graduated approach to providing SEND support, ensuring that interventions and additional provision are regularly reviewed for impact and adapted where necessary.
- Monitor and evaluate the effectiveness of SEND provision and interventions across the school, including through provision mapping, assessment information, pupil progress data and the assess-plan-do-review cycle, ensuring that provision is adapted where it is not having the intended impact.
- Coordinate the implementation and review of EHC plans, ensuring that provision specified in section F is appropriately delivered, monitored and reviewed and that annual reviews are completed within statutory timeframes..
- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively, including the deployment of some staff e.g. additional adults.
- Be the point of contact for external agencies, especially the local authority and its support services.
- Liaise with potential next providers of education to ensure pupils and their parents are informed about options and a smooth transition is planned.
- Work with the Headteacher and Governing Body to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements.
- Ensure the school keeps the records of all pupils with SEND up to date.
- Continue to implement whole-school CPD/training, particularly the induction of new staff.
- Work with the inclusion team to create the inclusion strategy within the allotted timeframe.

The SEND Governor will:

- Help to raise awareness of SEND issues at Governing Body meetings.
- Monitor the quality and effectiveness of SEND and disability provision within the school and update the Governing Body on this.

- Work with the Headteacher, SENCO, and Inclusion and Wellbeing Team to determine the strategic development of the SEND policy and provision in the school.

The Headteacher will:

- Work with the SENCO and SEND Governor to determine the strategic development of the SEND policy and provision in the school.
- Have overall responsibility for the provision and progress of learners with SEND and/or a disability.

Each class teacher is responsible for:

- The progress and development of every pupil in their class.
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.
- Working with the SENCO and Assistant SENCO to review each pupil's progress and development and decide on any changes to provision, ensuring the graduated approach is followed.
- Ensuring they follow this SEND policy.
- Identifying those children that may be making slower progress academically, or those presenting with social communication and mental health difficulties.

Admission arrangements:

The Governing Body at Leamington Primary School believes that the admissions criteria should not discriminate against pupils with SEND and has due regard for the practice advocated in the 2014 Code of Practice. The schools' admission arrangements are set out on the school website and can be accessed using the following link:

<http://www.learmingtonprimary.com/our-school/admissions/>

Identification of Special Educational Needs:

Leamington Primary School's arrangements for assessing and identifying pupils as having SEND are set out in the SEND Information Report which can be found on our school website.

At Leamington Primary School, we use a number of additional indicators to identify whether pupils should be identified as having special educational needs, such as:

- Close analysis of tracking data including EYFSP, SATs and PIVATs
- Any teacher or support staff concerns - using SENCO referral or Foundation stage SENCO referral form or Inclusion and Wellbeing Team referral
- Following up on parental concerns (Concern form available on school website)
- Termly tracking meetings attended by SENCO and each year group to discuss SEND register and raise concerns
- Tracking individual pupil progress over time alongside teacher assessment/judgement
- Use of screeners e.g. Dyslexia screener, IDL

- Use of WELCOMM in early years to identify children experiencing barriers to speech and language development.
- Information from previous schools and Early Years setting
- Assessment information from other agencies such as SENISS, EMHP, Ed Psych and Beautiful New Beginnings.

Other aspects that may impact progress and attainment but may not be identified as SEND may include:

- LAC
- EAL
- Attendance and punctuality
- Health and welfare
- Children/young people in receipt of pupil premium

Meeting the needs of children with SEND

Provision for pupils at Leamington Primary School with special educational needs and/or disabilities is the responsibility of the school as a whole with specialist guidance from the SENCO, the Governing Body, and the Headteacher. All teaching staff are teachers of pupils with special educational needs. We adopt a graduated approach to meeting special educational needs and/or disabilities.

Some of the strategies that we use to meet the needs of all children, including those with special educational needs are:

- Whole school approach to teaching The Zones of Emotional Regulation; empowering pupils to identify their own feelings and emotions throughout the school day and enabling them to self-regulate and implement strategies that work for them.
- All staff have a good understanding of sensory needs and provide regular 'alerting' and 'calming' sensory breaks at regular intervals throughout the school day.
- Quality first teaching is a priority for all pupils in the school including those with SEND.
- Where a pupil is identified as having SEND, action is taken to remove barriers to learning and put an effective special educational provision in place.
- The SEND support takes the form of a four-part cycle known as the graduated approach (Assess, Plan, Do, and Review) and all children identified on the SEND register will have a pupil passport that is updated termly.
- Where a pupil continues to make less than expected progress despite evidence-based support matched with interventions addressing areas of need, it may be necessary to involve specialists in the school or from outside agencies.
- Some children may have multi-agency involvement and the school will consider the criteria for the levels of need and where relevant may decide in consultation with Liverpool's 'Responding to Need Guidance and Levels of Need Framework' that a Family Help Assessment (FHA) is appropriate.
- Where, despite the school having taken relevant and purposeful action to identify, assess and meet the need of the child or young person and they have not made expected progress, the school or parents may consider requesting an Education, Health, and Care need assessment or additional adult support through high needs funding. In applying for this the school presents evidence of the action taken as part of SEND Support.

Assessment and Review Process:

Assess:

As class teachers identify a concern with a child they will complete a SENCO referral or Inclusion and Wellbeing Team referral. In assessing a child, the school will carry out an analysis of the pupil's needs which draws on the teacher's assessments and experiences of the pupil and their previous progress and attainment. The pupil's own views are sought as are those of external support services if involved. The school liaises fully with outside agencies who are conducting the assessments. Any concerns by parents are actively listened to and recorded. Assessments are reviewed every term in our school.

Plan:

All pupils are in receipt of quality first teaching. Staff plan for additional support for pupils with SEND, appropriate to children's needs through daily practices such as visuals; sensory breaks, etc. When it has been identified that children need additional support class teachers will meet with pupils to identify their targets and then involve parents in the process to produce a pupil passport. This outlines the specific, measurable targets along with the strategies to meet them.

Do:

The school's SENCO supports the class teacher with implementing effective provision and further assessments for pupils with SEND. The teacher remains responsible for working with the child and where the interventions involve group or one-to-one teaching away from the teacher, they remain responsible for overseeing this and work closely with teaching assistants or specialist staff involved.

Review:

Reviews of Pupil Passports are carried out termly on the agreed date with pupils and parents. Children with an EHC (Education, Health, and Care) Plan must be reviewed by the Local Authority in partnership with the school at least annually. When we review, we evaluate the impact and quality of the support and consider the views of the parents and pupils. This feeds back into the analysis of the pupil's needs. The teacher working with the SENCO will revise the support in the light of the pupil's progress and development and any changes to support and outcomes will be made. We strive to provide clear information to parents about the impact of support and interventions. In the transition to another setting, information to be passed on will be shared with parents and pupils and this may involve others being present at review meetings and the SENCO attending meetings offsite to support the transition process.

Access to the curriculum, information, and associated services

All pupils at Leamington Primary School have equal access to a broad and balanced curriculum, differentiated to enable ALL pupils to understand the relevance and importance of appropriate education. This promotes self-esteem and confidence that will lead to pupils making relevant progress that is closely monitored.

Teachers use a wide range of strategies to meet pupils' special educational needs. Lessons have clear learning objectives and success criteria, where appropriate, and are differentiated appropriately and assessed to inform the next stage of learning. The school's 'Teaching and Learning Policy' promotes best practices for students with SEND.

- We have adopted a whole-school approach to teaching the Zones of Emotional Regulation; supporting children to self-regulate throughout the school day.
- We are a dyslexia-friendly school and most policies plus School Improvement Plan will have dyslexia-friendly practices embedded in them.
- We are an ASD-friendly school and use visuals throughout to ensure children are aware of what is happening in school and that the school day is predictable and demonstrates a consistent routine.
- Pupil Passports feature significantly in the SEND provision provided by the school. They contain SMART targets to ensure that all pupils experience success.
- Each member of staff, including mentors and LSO's, can access further information on various additional needs including dyslexia, ADHD, and ASD through the SENCO.

Working in partnership with parents/carers

At all stages of the special needs process, the school keeps parents/carers fully informed and involved. Regular meetings are scheduled to share the progress of the pupils with parents and take account of their views. It is hoped that this will assist in supporting pupils to reach their full potential. Parents/Carers are encouraged to make a full and active contribution to their child's education.

At Leamington Primary School we have an Inclusion and Wellbeing Team which includes all pastoral staff working in partnership with parents/carers in the following ways:

SENCO and Assistant SENCO

Family Support Worker – Offering practical help and emotional support to families experiencing various difficulties.

Safeguarding Team – Offering advice, support, and signposting to relevant agencies as appropriate.

Attendance Officer – Working with families to improve attendance and offer support whenever necessary e.g. picking children up on the attendance bus.

Learning Mentor – providing support and guidance to children and young people who are experiencing difficulties in learning due to social, emotional, behavioral problems, or other issues. Learning mentors help pupils overcome behavioral, social or emotional problems that are affecting their learning.

Mental Health Lead – overseeing Leamington's approach to supporting children with emotional and mental health difficulties; signposting to external agencies where appropriate.

Some families are supported with an 'Family Help Assessment Tool (FHA) where a representative is named as the lead professional.

Inclusion and Facilities for vulnerable pupils and those with SEND

At Leamington Primary School we have taken all necessary arrangements to ensure all pupils, regardless of any disabilities, can fully access the building and extended facilities. We have done this in the following ways:

- Ramps, and rails for access to the building
- Disabled toilets in the main building – with alarm and showers and rails fitted
- Disabled toilet in Nursery
- Illuminated fire exits throughout the school
- Sensory areas

We also have developed particular expertise in the following areas:

- Specific learning difficulties eg. Dyslexia
- ADHD
- ASD
- PDA friendly strategies
- Emotional, behaviour, and mental health issues
- Speech, language, and communication difficulties
- Sensory processing disorder

Allocation of resources for vulnerable pupils, including those with SEND

As part of the school budget funds are allocated for SEND, the Governing Body oversees this expenditure and therefore ensures resources are directed to support appropriate SEND provisions as outlined in this policy.

The school allocates SEND funding in the following ways:

- Learning Support Officers
- Additional adults
- Service Level Agreements with external providers such as Educational Psychology Service, SENISS, Beautiful New Beginnings
- Learning Mentor – working on barriers to learning
- Training for all teachers, LSOs, additional adults, welfare staff, and Learning Mentors so that they can meet pupils' needs more effectively
- Specialist books, equipment and resources
- In-class and withdrawal support from learning support officers and additional outreach specialist teacher
- Purchasing and maintenance of ICT and electronic equipment
- Specialist resources and the creation of learning bays for 1:1 working
- Creating sensory areas to meet sensory needs
- An intensive support classroom – providing small group intensive support with a high ratio of adults:children.
- Dyslexia Screener training for LSOs
- Specialist Dyslexia training for a member of staff
- IDL Literacy and Numeracy
- Specialist assessment and interventions
- Subscriptions to assist with provision mapping and assessments

CPD and training of staff

All teaching and support staff are encouraged to attend courses and training that assist them in acquiring the skills needed to work with pupils with SEND. The SENCO works in partnership with the Senior Leadership Team to arrange school-based INSET and targeted CPD support for staff working with pupils with SEND.

A needs analysis to determine INSET requirements of staff (including Governors) in the area of SEND is conducted annually. The School's INSET needs are included in the School Development Plan. Over the past three academic years, the following areas have been covered:

- Sensory Circuit training
- ASD training (including all welfare staff)
- ACES (Adverse Childhood Experiences) training for our family support worker
- Lego Therapy training
- Zones of Regulation training
- Dyslexia screening training
- Quality assurance of pupil passports training as needed
- Attention Autism training
- 'Behaviour is a form of Communication' training
- PDA training
- Selective Mutism course – 2 x members of staff
- Sensory Processing course – additional adults and LOSs
- Social Stories and Comic Strip Conversations training
- Precision teaching training
- Sensory Processing 4x sessions course – two members of staff
- ARFIDs training
- Positive Handling training
- Colourful Semantics training
- Blank Levels training
- Gestalt Language Processor training
- 'Information Carrying Words' training from a speech therapist – additional adults and LSO's
- Dyslexia training – whole staff
- Multi-sensory resources to compliment the Dyslexia training
- Dyslexia qualification – one member of staff

Links to support services

Leamington Primary School works in partnership with outside agencies such as:

- SENISS learning outreach
- Health and Social Services
- Speech and Language Therapy Services
- Educational Psychology
- Education Welfare
- SEND Consortia
- Occupational Therapy Service

- Physio Therapy Service
- Educational Mental Health Practitioner (EMHP)
- Liverpool OT

Members of these agencies are invited to meetings in school to review the programmes in place for individual pupils in order that their specialist advice may be incorporated into Pupil Passports and intervention/provision.

The school promotes the 'team around the school approach' if needed, to ensure early identification and assessment of SEND. Where a Family Help Assessment (FHA) is in place, the school will actively engage with agencies to support the family's needs.

Links with other schools and clusters

Preferably, prior to admission to Leamington Primary School, contact is made between the SENCO and the SENCO or class teacher at the previous school or setting, in order to contribute to a transition plan should one be required. When a pupil with SEND transfers to another school, all relevant documentation is passed on to the SENCO at the receiving school (preferably electronically via cpoms). Liverpool has an annual SENCO Transition Forum (KS2/3) in May where any pupils with SEND and/or vulnerable pupils can be discussed in person and a transition plan can be put in place. A member of staff attends that meeting.

The SENCO/Assistant SENCO attends SEN Consortia to share best practices and offer support within the locality.

Reviewing the effectiveness of this SEND Policy

The Governing Body will report annually on the success of the policy under the statements listed in '**The aims and objectives of this policy**' (page 1).

In evaluating the effectiveness of this policy, the school will consider the views of:

- Reports presented by the Headteacher, SENCO, and link SEND Governor
- Parents/carers
- Pupils
- Outside Agencies

Pupil's attainment and progress will provide detailed and quantifiable evidence relating to the success of the SEND policy and this will be analysed carefully through:

- Consideration of each pupil's success in meeting Pupil Passport targets
- Analysis of PIVAT scores data
- An analysis of external tests including SATs
- The school's tracking systems and teacher assessments
- Evidence generated from Pupil Passports and Annual Review meetings
- IDSR/ASP
- Reports provided by outside agencies, including Ofsted

Complaints procedure for parents/carers

Any complaints should first be raised with the SENCO, then if necessary with the Headteacher, and finally, if unresolved, with the SEND Governor.

Managing parental complaints related to SEN (any of the following may apply)

- All SEND complaints must follow the school's formal complaints procedure.
- The SEND governor is consulted.
- External advice may be sought.
- Key legislation regarding the matter is identified.
- Good levels of communication with the parents/carers are maintained throughout the process.
- Meetings with the parents/carers are arranged, perhaps involving a mediator such as Parent Partnership.
- Key issues are identified including where there is agreement.
- Discussions should take place with the SENCO.
- Reports provided by outside agencies should be considered.
- Pupil Passports are reviewed - examining what progress the pupil has made.

COMPLIANCE

This policy can be read in conjunction with:

- Access Policy
- Assessment Policy
- Attendance Policy
- Behaviour Policy
- Complaints Policy
- Equal Opportunities Policy
- Inclusion Policy
- Intimate Care Policy
- Learning and Teaching Policy
- Mental Health Policy
- Visitors in School Policy
- Remote learning policy
